

Dear OSSD Community,

As we prepare for a phased return to full in-person instruction, we wanted to provide a forum for folks who have questions and who may be anxious to have the opportunity to speak directly with a medical professional about COVID-19. Dr. Joshua White, the Chief Medical Officer at Gifford Hospital, has offered to spend part of an evening with us to answer questions from the school community. Our thanks go out to Doctor White for providing his time and the work of Ashley Lincoln for securing this opportunity.

At the conclusion of our time with Doctor White, I will remain to answer any questions about the schools and our preparations for a safe return to full in-person instruction. This meeting will begin at 6:30 PM on January 13th. It can be accessed via the links below. Please take advantage of this opportunity if you have questions or concerns.

Please know there is a 250-person limit to this remote meeting. I will begin admitting folks at 6:25.
